BASIC NEEDS AND RESOURCES

INTERNATIONAL CHARITY **OPTION TWO:**

FEED THE HUNGRY UK

FOCUS: Providing food and hunger relief worldwide

ISSUE: The urgent crisis of hunger and food insecurity. They respond to both long-term poverty and sudden disasters by providing emergency food and establishing sustainable feeding programs.

MISSION: Journeying people from "survival to significance." Their mission is to not only feed people but to help them move from a state of just surviving to a place of stability and sustainability. They achieve this by partnering with local churches to distribute food and other aid.

MAIN AREAS OF WORK: Globally in over 6 countries

SPECIAL FEATURES: Church-to-church strategy and rapid disaster response. This model empowers local Christian communities to deliver aid directly, including **NOUR:SH** food packing, church-based, community-focused events which provide a hands-on way of sending nourishing food parcels overseas. In addition they work to provide a quick response to crises and have a strong focus on school feeding programs to help children stay in education.
